<i>Station #5 - Upper Soccer Filed</i>	Across The Pond	Classroom Teachers
Lunch / Recess / Video	Lunch is served inside Students should eat outside Video is in the gym	Classroom Teachers
Community Fitness Stations	Community Fitness	Community Fitness Organizations Teachers are supervisors and helpers
Bus Lane	All School Merton Mash Up	Physical Education Teachers
Gym	Students vs Staff Dodgeball	Mr. Pomeroy

To make the games fair, we suggest teachers officiate another class.

Station #1 - [Nascar Races](#) - You will have to break your class into groups of 4. All groups but one will sit in the bleachers. One group will be assembling your Nascar. They must put together three scooters and one mat to make a car. Two people push the car around the gym and two people have to ride. If the car falls apart, reassemble where they are and continue. When they get back to their “pit”, they need to disassemble their car, move to the bleachers and the next 4 students go. See how many times your group can go around during this station. The class with the most laps wins 4 points, 2nd place 3 points, 3rd place 2 points, 4th place 1 point.

Station #2 - [Hole-y Bucket](#) - Have your class line up behind the large horse trough. The person at the end of the line should have the tin can. They should walk to the horse trough and fill their can with water. They must pass the can over their head to the next person in line, until the can gets to the end of the line. The last person in line should dump their can into their tub. The team that fills their tub 1st gets 4 points, 2nd 3 points, and so on. (you may have to measure how high the water level is if all teams don’t fill their tub).

Station #3 - [Merton Mash Up](#) - Students will learn a dance called the Merton Mash Up! Groups will learn the dance and then have a dance off to see who can dance it the best! This was a dance created by Merton Students and all 4K-8th Grade will all dance it together at the end of the day!

Station #4 - [Cooperative 6 Base Kickball](#) A fitness kickball game where everyone is active and there is lots of running. Teams earn points based on how many runs they score (same point system as other games).

Station #5 - Across the Pond - Teams will have two mats to use to cross the “Pond.” If someone steps off the mats and touches the pond, then that team is frozen for 15 seconds. Once you make it across the pond then there will be another team challenge with a painters tarp. (Painters tarp team challenge: Level one- four people must flip the tarp all the way over without stepping off, Level two- eight people must flip the tarp all the way over without stepping off, Level three- twelve people must flip the tarp all the way over without stepping off...continue adding four people each time the group makes it back to the painters tarp.) Teams will continue going across the pond and then starting a new painters tarp challenge. The team that gets back and forth across the pond with the most “laps” wins! The class with the most “laps” wins 4points, 2nd place 3 points, 3rd place 2 points, 4th place 1 point.
